Dear Mr. Amir:

It was a pleasure to meet you in Vancouver at the BC Export Awards ceremony and Roundtable on November 19th. Congratulations on being awarded the Primary Products and Resources Award for 2010.

Thank you for your comments during the Roundtable. I know that both Minister MacDiarmid and I were impressed by the successes of SPF Precut Lumber to date and we appreciate your leadership, vision, energy and commitment to both your industry and community.

As well, we appreciated the opportunity to hear your concerns about access to fibre from mills in the Province. British Columbia has established itself as a leader in forest management through stringent forest policies and innovative forest practices which continue to evolve to meet current needs. Thank you for letting me know about the issues you are experiencing. I want to assure you that I will forward your concerns to the Ministry of Forests, Mines and Lands to ensure that ministry is also aware.

In closing, let me, again, extend my congratulations for all of your accomplishments. For photos from the BC Export Awards ceremony, please visit our web site at <http://trade.britishcolumbia.ca>.
